Dear Mr. Manfredonia,

I am delighted to hear that there is a possibility of a fulltime Catholic radio station in central New Jersey particularly in Monmouth, Middlesex and Somerset Counties as well as parts of Staten Island and Brooklyn. That such a station could by October 1st is great news to me. I do hope and pray that people will support this effort generously. Naturally any laypersons moving into an area of media like this is taking a risk, however since you've already done this successfully in other places I'm hoping and praying that you will be very successful here.

Catholic radio stations run by devout lay people are spreading throughout the United States. We need more like this and we need more of this in the metropolitan area. I can only wish you the best.

Sincerely in Christ,
